

What's New with NDEP?

Practice Transformation for Physicians and Health Care Teams

The National Diabetes Education Program's (NDEP) *Practice Transformation for Physicians and Health Care Teams* website (formerly called *Better Diabetes Care*) is a free online resource designed for health care professionals and administrators who want to change systems of health care delivery around diabetes. The resource includes:

- An organized approach to guide health care professionals toward the formation of a Patient-Centered Medical Home
- Tools to support health care professionals in the adoption of a patient-centered care approach
- Quick and easy access to diabetes guidelines and major diabetes research studies
- A large collection of resources to support practice assessment and improvement
